

**SUPREMEX ANNOUNCES IMPROVED SECOND QUARTER 2015 RESULTS
AND DECLARES REGULAR QUARTERLY DIVIDEND**

Montreal, Quebec, July 30, 2015 – Supremex Inc. (“Supremex” or the “Company”) (TSX: SXP), Canada’s largest manufacturer and marketer of a broad range of stock and custom envelopes and growing provider of packaging and specialty products, today announced its results for the second quarter ended June 30, 2015 and declared a regular quarterly dividend.

Second Quarter Highlights:

- 2015 Q2 revenues increased by 10.6% year-over-year to \$33.9 million, on strong growth in the U.S. envelope market.
- Adjusted EBITDA¹ increased by 10.6% to \$6.4 million, while as a result of a non-cash gain to the Company’s pension plan EBITDA¹ increased by 77.6% reaching \$10.3 million compared to last year’s second quarter.
- Net earnings grew by 138.2%, reaching \$5.6 million (or \$0.19 per share) compared to \$2.3 million (or \$0.08 per share) in the second quarter of last year.
- Revenue from the Canadian envelope market grew by 2.9% to \$26.1 million.
- Revenue from the U.S. envelope market continued to increase, growing by 78.9% to \$5.3 million.
- The Company’s Board of Directors approved a quarterly dividend payment of \$0.05 per share, equivalent to the three previous quarters and 25% higher year-over-year.

“Our strong second quarter results reflect our ability to grow in key markets while continuing to deliver operational performance,” said Stewart Emerson, President and Chief Executive Officer of Supremex. “With important market share gains in the U.S. and progress from our value added packaging and specialty products offering, we feel good about our ability to continue delivering growth and shareholder value.”

“Entering the second semester, our outlook for the U.S. envelope market continues to be robust allowing us to overcome secular decline in Canadian envelope demand, as noted by Canada Post on the domestic letter mail volumes in its latest quarterly report. A stronger U.S. currency supports our efforts to further penetrate the world’s largest envelope market by leveraging our existing distribution channels and creating new pipelines for our existing capacity. We will continue to carefully manage the effects of a weaker Canadian dollar on our cost of raw materials by improving product mix and manufacturing efficiencies” added Mr. Emerson.

Financial Results for the Second Quarter of 2015

Revenue in the second quarter of 2015 grew to \$33.9 million up 10.6% from \$30.6 million in the equivalent quarter of last year. Revenue from the U.S. envelope market grew by 78.9%, while revenue from the Canadian envelope market increased by 2.9%.

¹ See “Reconciliation from Net Earnings to EBITDA and to Adjusted EBITDA” and to their definition on page 3 of this press release.

Growth in the U.S. envelope market continues to accelerate on a changing competitive landscape and on the strength of the U.S. dollar. The number of units sold in the U.S. grew by 60.0%, and the average selling price denominated in Canadian dollars was higher by 11.8%. In Canada, the steady revenue growth resulted in a 1.6% increase in the number of units sold and 1.3% growth in average selling price, necessitated by increased costs due to foreign exchange.

Revenue of specialty products during the quarter increased by 7.3% reaching \$2.4 million, on a 15.4% increase in the number of units sold. The Company continues to focus on this value-added product line and believes this market is also an area of future growth.

Adjusted EBITDA¹ grew by 10.6% to \$6.4 million resulting from growth experienced in the U.S. market and mix of product sold; while as a result of non-cash gain on amendment to the Company's pension plan EBITDA¹ increased by 77.6%, to \$10.3 million.

Net earnings increased by 138.2% or \$3.3 million to \$5.6 million, or \$0.19 per share, compared to net earnings of \$2.3 million or \$0.08 per share last year.

During the quarter, operating activities before working capital adjustments generated \$4.9 million compared with \$4.4 million during the equivalent period of last year.

Capitalization and Normal Course Issuer Bid

As at July 30, 2015, the Company had 28,750,967 common shares outstanding. On June 26, 2015, the Company announced a new normal course issuer bid, which began on July 2, 2015 and under which the Company can purchase, for cancellation, up to 1,435,000 common shares until July 1, 2016.

Declaration of Dividend

The Board of Directors declared today a quarterly dividend of \$0.05 per share, payable on October 14, 2015 to shareholders of record at the close of business on September 30, 2015, representing an increase of 25% over the dividend paid during the equivalent period of last year and in-line with the dividends paid in the previous three quarters. This dividend is designated as an "eligible" dividend for the purpose of the Income Tax Act (Canada) and any similar provincial legislation.

Definition of EBITDA (or Adjusted EBITDA) and Non-IFRS Measures

References to "EBITDA" are to earnings before financing charges, income tax expense, amortization of property, plant and equipment and of intangible assets, loss (gain) on disposal of property, plant and equipment.

EBITDA (or Adjusted EBITDA) is not an earnings measure recognized under IFRS and does not have a standardized meaning prescribed by IFRS. Therefore, EBITDA (or Adjusted EBITDA) may not be comparable to similar measures presented by other entities. Investors are cautioned that EBITDA (or Adjusted EBITDA) should not be construed as an alternative to net earnings determined in accordance with IFRS as an indicator of the Company's performance. Supremex believes that EBITDA (or Adjusted EBITDA) is a measurement commonly used by readers of financial statements to evaluate a company's operational cash-generating capacity and ability to discharge its financial earnings.
