SupremeX

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS FOR THE THREE-MONTH PERIOD ENDED MARCH 31, 2007

The following management's discussion and analysis of financial condition and results of operations, dated May 9, 2007 of Supremex Income Fund (the "Fund") should be read together with the audited consolidated financial statements and related notes for the 276-day period ended December 31, 2006 and the unaudited consolidated financial statements and related notes for the three-month period ended March 31, 2007. The financial statements of the Fund are prepared in accordance with accounting principles generally accepted in Canada ("GAAP"). The fiscal year of the Fund ends on December 31. The Fund's reporting currency is the Canadian dollar. Per unit amounts are calculated using the weighted average number of units outstanding for the three-month period ended March 31, 2007. All financial information prior to March 31, 2006 is derived from the unaudited consolidated results of Supremex Inc. and Cenveo Depew division ("Supremex").

This discussion contains forward-looking statements. Please see "Forward-Looking Statements" for a discussion of the risks, uncertainties and assumptions relating to these statements. This discussion also makes reference to certain non-GAAP measures to assist in assessing the Fund's financial performance. Non-GAAP earnings measures do not have any standard meaning prescribed by GAAP and are therefore unlikely to be comparable to similar measures presented by other issuers. See "Definition of EBITDA, Adjusted EBITDA, Distributable cash and Non-GAAP Measures" and "Selected Consolidated Financial Information" for the reconciliation of EBITDA to net earnings.

Formation of the Fund

On March 31, 2006, the Fund completed its initial public offering ("IPO") with the sale of 17,500,000 trust units (the "units") for $10 per unit, for total net proceeds of $165,029,947 after deducting $9,970,053 which represents the underwriters' total fees of $9,625,000 and other issuance expenses of $5,309,640 less the related future income taxes of $4,964,587.

On March 31, 2006, in conjunction with the IPO, the Fund indirectly acquired Supremex from Cenveo Corporation and/or its related companies ("Cenveo") for $331,532,962. Consideration paid to Cenveo for the acquisition was comprised of cash of $212,924,527, units of the Fund with a value of $89,474,390, a payable of acquired businesses of $5,509,045 for a working capital adjustment and a note payable of $23,625,000. As part of the acquisition 2,364,228 units held in escrow and valued at $23,642,280 were issued to management employees of Supremex for a cash consideration of $23,642 to amend the then existing Management profit sharing plan.

The acquisition was accounted for by the purchase method with the results of Supremex's operations included in the Fund's earnings from the date of acquisition.

On April 28, 2006 the underwriters exercised in full their over-allotment option, resulting in the issuance by the Fund of 2,500,000 additional units at a price of $10 per unit for gross proceeds of $25,000,000 and net proceeds of $24,090,988 after deducting $909,012 which represents the underwriters' fees of $1,375,000 less related future income taxes of $465,988. The net cash proceeds were used by the Fund to repay the note payable to Cenveo.

The Fund's units trade on the Toronto Stock Exchange under the symbol SXP.UN. Additional information relating to the Fund can be found at www.sedar.com.

Overview

Supremex is Canada's leading manufacturer and marketer of a broad range of stock and custom envelopes and related products. Supremex is the only national envelope manufacturer in Canada, with 11 manufacturing facilities in seven cities across seven provinces and employs approximately 750 people. This national presence enables Supremex to satisfy the manufacturing requirements of large national customers, such as large Canadian corporations, nationwide resellers and governmental entities, as well as paper merchants and solution and process providers.

Supremex has the largest share of the Canadian envelope manufacturing industry. This leading market share is due to Supremex's unparalleled ability to successfully compete both on a local and national basis across Canada.

Distributions

The Fund makes monthly distributions to unitholders of record on the last business day of each month, payable on or about the 15th day of the following month. The current estimated distribution rate per unit is $0.0958 per month. Distributions for the period of January 1, 2007 to March 31, 2007 were as follows:

Period	Record date	Payment date	Per unit $	Distribution $
January 2007	January 31, 2007	February 15, 2007	0.0958	2,999,658
February 2007	February 28, 2007	March 15, 2007	0.0958	2,999,658
March 2007	March 31, 2007	April 16, 2007	0.0958	2,999,658
Total			0.2874	8,998,974

The March distribution in the amount of $2,999,658 was declared and accrued in March 2007 and paid to unitholders on April 16, 2007.

The source of funding for the above distributions to unitholders was from cash generated by operations, existing cash balances and cash equivalents.

Distributable Cash

Management believes that distributable cash is a useful supplemental measure of performance as it provides investors with an indication of the amount of cash flows available for distribution to unitholders. Investors are cautioned, however, that distributable cash should not be construed as an alternative to using net earnings as a measure of profitability or as an alternative to the statement of cash flows. The quarterly distributable cash is not necessary indicative of the expected distributable cash for a full year. Distributable cash is not a recognized measure under GAAP and may not be comparable to similar measures used by other issuers.

Determination of Distributable Cash
(in thousands except for per unit amounts)

	Three months ended March 31, 2007 $
Cash flows related to operating activities	**737**
Net change in non-cash working capital balances (1)	**9,557**
Change in accrued pension benefit assets	**130**
Maintenance capital expenditures (2)	**(911)**
Distributable cash (3)	**9,513**
Distribution declared	**8,999**
Distributable cash per unit	**0.3038**
Distribution per unit	**0.2874**
Payout ratio	**94.6%**

1. Distributable cash excludes change in non-cash working capital as the changes within working capital components are often temporary by nature and, if needed, can be financed with the Fund's revolving credit facility.

2. Maintenance capital expenditures refer to capital expenditures, net of proceeds from disposal of assets replaced, which are necessary to sustain current cash flows.

	Three months ended March 31, 2007 $
Capital expenditures	**1,104**
Proceeds from disposal of assets	**(193)**
Maintenance capital expenditures	**911**

3. See "Definition of EBITDA, Adjusted EBITDA, Distributable cash and Non-GAAP Measures".

The Fund generated $9.5 million or $0.3038 per unit of distributable cash for the three-month period ended March 31, 2007. More detail concerning cash flow related to operating activities is provided under the "Liquidity and Capital Resources" section.

The Fund declared distributions of $9.0 million or $0.2874 per unit for the three-month period ended March 31, 2007, which was funded by distributable cash generated in the period.

The distributable cash generated exceeds actual distributions by $0.5 million for the three-month period ended March 31, 2007. As a result, the Fund's payout ratio defined as distributions declared as a percentage of distributable cash generated, was 94.6% for the three-month period ended March 31, 2007, as compared to the targeted payout ratio of 90%.

The Fund does not currently anticipate decreasing distribution to unitholders as a result of the payout ratio being higher than originally expected. The higher payout ratio than expected is mainly explained by a lower EBITDA generated during the period and by higher maintenance capital expenditures, which by nature are not distributed evenly throughout the year.

The excess of distributable cash generated over distributions to unitholders provides additional flexibility to the Fund in financing expansion initiatives and maintaining stable future distributions.

Summary of Quarterly Results

Supremex's revenue is subject to the seasonal advertising and mailing patterns of its customers. The number of products sold by Supremex is generally higher during the fall and the winter mainly due to the higher number of mailings related to events including the return to school, fund raisers, the holiday and tax seasons. The number of products sold by Supremex is generally lower during the spring and the summer in anticipation of a slowdown in mailing activities of businesses during the summer. As a result, Supremex's revenue and financial performance for any single quarter may not be indicative of the revenue and financial performance which may be expected for the full year. However, to maintain production efficiencies, Supremex utilizes warehouse capabilities to inventory envelopes as required to counter these predictable seasonal variations in sales volumes.

The following table presents a summary of operating results of the Fund and Supremex on a quarterly basis from April 1, 2005 to March 31, 2007.

(in thousands of dollars except for per unit amounts)

	Mar. 31, 2007	Dec. 31, 2006	Sept. 30, 2006	Jun. 30, 2006	Mar. 31, 2006 (1)	Dec. 31, 2005 (1)	Sep. 30, 2005 (1)	Jun. 30, 2005 (1)
	$	$	$	$	$	$	$	$

Notes

(1) Derived from the unaudited consolidated financial statements of Supremex for the 2005 quarters and for the period from January 1, 2006 to March 30, 2006 and from the unaudited consolidated financial statements of the Fund for the 1-day period ended March 31, 2006.

(2) See "Definition of EBITDA, Adjusted EBITDA, Distributable cash and Non-GAAP Measures". EBITDA and Adjusted EBITDA are not recognized measures under GAAP and do not have standardized meanings prescribed by GAAP. EBITDA and Adjusted EBITDA may not be comparable to similar measures presented by other issuers.

EBITDA for the second quarter of 2006 decreased mainly due to the non-cash inventory step-up charge of $4.3 million related to the inventory revaluation at its fair value at acquisition. At the date of acquisition of Supremex, inventory was increased by $4.3 million to reflect its estimated fair market value less selling costs. The inventory was sold during the second quarter of 2006 and, accordingly, the quarter included an additional non-cash charge relating to the inventory sold.

The Adjusted EBITDA for the eight quarters have been relatively stable with little impact from the seasonality of the envelope industry and the impact of the raw material increases on the revenue over that period, offset by the impact of the strengthening of the Canadian dollar.

Net earnings have not been presented for each of the quarters prior to the acquisition of Supremex by the Fund as they are not comparable due to the change to the capital structure of Supremex and the Fund in connection with the initial public offering completed on March 31, 2006.

Review of Operations

This is the fifth reporting period of the Fund since its inception on February 10, 2006 and the Fund was inactive prior to its acquisition of Supremex on March 31, 2006. As a result, the attached interim consolidated financial statements cover the three-month period ended March 31, 2007 and do not have comparative figures, except the 1-day period of March 31, 2006. To provide meaningful disclosure to the reader, this Management's Discussion and Analysis covers the three-month period ended March 31, 2007, compared to the three-month period ended March 31, 2006. All financial information prior to March 31, 2006 is derived from the unaudited consolidated results of Supremex and is provided for reference purposes only.

Selected Consolidated Financial Information

1. Derived from the unaudited consolidated financial statements of Supremex for the period from January 1, 2006 to March 31, 2006 and from the unaudited consolidated financial statements of the Fund for the 1-day period ended March 31, 2006.

2. See "Definition of EBITDA, Adjusted EBITDA, Distributable cash and Non-GAAP Measures".

3. Represents the portion of Supremex's Management profit sharing plan eliminated due to its conversion into units.

Net earnings in total and on a per unit basis, total assets, total long-term financial liabilities and distribution declared per unit have not been presented as they are not comparable due to changes to the capital structure of Supremex and the Fund in connection with the initial public offering completed on March 31, 2006.

Results of Operations

Three months ended March 31, 2007 compared to three months ended March 31, 2006

Revenue

Revenue for the three-month period ended March 31, 2007 was $47.7 million, compared to $49.5 million for the three-month period ended March 31, 2006, representing a decrease of $1.8 million or 3.6%. The decrease is mainly attributable to the sales in Canada.

Revenue from sales in Canada decreased by $1.6 million or 3.8%, from $42.5 million to $40.9 million, while revenue from the sales in the United States decreased by $0.2 million or 2.9%, from $7.0 million to $6.8 million.

The decrease in revenue from sales in Canada was due to a decrease in the number of units sold mainly due to the reseller market and direct mail slowdowns as well as a more competitive market place offset by an increase of the average selling price resulting from the pass through of the raw material increases.

The decrease in revenue from sales in the United States was driven by a decrease in the number of units sold offset by the weakening of the Canadian dollar.

Cost of goods sold, selling, general and administrative expenses

Cost of goods sold, selling, general and administrative expenses for the three-month period ended March 31, 2007 was $36.4 million, compared to $37.6 million for the three-month period ended March 31, 2006, representing a decrease of $1.2 million or 3.2%.

The cost of goods sold for the three-month period ended March 31, 2007 was $30.9 million compared to $31.9 million for the same period in 2006, representing a decrease of $1.0 million or 3.1%. The decrease results from the decreased revenue and some savings in terms of labour cost and fringe benefits offset by the increased costs of raw material.

The gross profit (revenue less cost of goods sold excluding the amortization of property, plant and equipment and the inventory step-up charge) was $16.8 million for the three-month period ended March 31, 2007, compared to a gross profit of $17.5 million for the comparable period in 2006, representing a decrease of $0.7 million or 4.0%. As a percentage of sales, the gross profit decreased by 0.2% in 2007 compared to 2006.

Selling, general and administrative expenses were $5.5 million for the three-month period ended March 31, 2007, compared to $5.7 million for the same period in 2006, representing a decrease of $0.2 million or 3.5%, attributable to a general reduction of expenses in 2007.

Adjusted EBITDA

As a result of the changes described above, the Adjusted EBITDA was $11.3 million for the three-month period ended March 31, 2007, compared to $11.9 million for the same period in 2006, representing a decrease of $0.6 million or 5.0%.

Non recurring item

The Management profit sharing represents the conversion of a portion of the Management profit sharing plan into units with the acquisition of Supremex by the Fund.

EBITDA

As a result of the changes described above, the EBITDA was $11.3 million for the three-month period ended March 31, 2007, compared to $11.2 million for the same period in 2006, representing an increase of $0.1 million or 0.9%.

Amortization

The aggregate amortization expense for the three months ended March 31, 2007 amounted to $3.7 million, compared to $1.0 million for the same period in 2006, representing an increase of $2.7 million, explained mainly by the amortization of intangible assets recorded at the acquisition of Supremex by the Fund and the amortization of deferred compensation resulting from the conversion of the Management profit sharing plan into units, which occurred as at March 31, 2006.

Net financing charges

Net financing charges remained stable at $0.9 million.

Earnings from continuing operations before income taxes

Due to the changes in revenue and expenses described herein, the earnings from continuing operations before income taxes were $6.7 million for the three months ended March 31, 2007, compared to $9.4 million for the same period in 2006, representing a decrease of $2.7 million or 28.7%.

Income taxes recovery

During the three months ended March 31, 2007, the Fund recorded an income tax recovery of $0.2 million. The income tax recovery takes into consideration, in addition to the expected income taxes expense of $2.2 million, a reduction of $3.0 million attributable to the impact of interest income earned by the Fund and paid by Supremex, reduction partially offset by an amount of $0.4 million related to the non deductible amortization of deferred compensation.

Net earnings from continuing operations

As a result of the changes described above, net earnings from continuing operations were $6.9 million for the three-month period ended March 31, 2007.

Segmented Information

The Fund currently operates in one business segment being the manufacturing and sale of envelopes. The Fund's net assets amounted to $ 274.3 million in Canada and $1.8 million in the United States as at March 31, 2007. The Fund's revenue amounted to $40.9 million in Canada and to $6.8 million in United States, respectively, for the three months ended March 31, 2007 compared to $42.5 million and $7.0 million for the same period in 2006, representing a decrease of $1.6 million or 3.8%, and a decrease of $0.2 million or 2.9%.

Liquidity and Capital Resources

Cash flows from operating activities were $0.7 million for the three-month period ended March 31, 2007, primarily attributable to earnings generated in the period, non-cash items including various amortization charges offset by a negative change in non-cash working capital and a future income taxes recovery.

Cash flows used in investing activities, amounting to $0.9 million for the three-month period ended March 31, 2007, are attributable to the net additions to property, plant and equipment.

Cash flows used in financing activities were $9.1 million for the three-month period ended March 31, 2007 mainly related to the distribution paid on Fund units.

The decrease in cash during the three-month period ended March 31, 2007, as well as the negative change in non-cash working capital, result from the payment of the amount payable to Cenveo and items included in accounts payable and accrued liabilities payable once a year.

Off-Balance Sheet arrangements

Operating lease commitments have been disclosed in the Funds' audited consolidated financial statements as at December 31, 2006 and did not significantly change since that date. Information with respect to the interest rate Swap is disclosed in the note 10 to the interim consolidated financial statements for the three-month period ended March 31 2007.

Financial position highlights
(In thousands of dollars except for ratio)

	March 31, 2007 $	**December 31, 2006 $**
Working capital	**27,081**	26,851
Total assets	**393,427**	404,573
Total term credit facility (before deferred financing costs)	**75,000**	75,000
Unitholder's equity	**276,079**	277,405
Long-term debt to equity ratio	**27.1%**	27.0%

The Fund's financial position has been relatively stable. The Fund has not drawn any amount under its revolving credit facility and was in compliance with the covenants of its credit facilities as at March 31, 2007.

Capitalization

As at May 9, 2007, there are 31,311,667 units issued by the Fund.

Units issued include 2,364,228 units valued at $23,642,280 issued to employees for a cash consideration of $23,642 as part of the business acquisitions and to amend the then existing Management profit sharing plan. As these units will vest over four years, subject to earlier vesting as described in note 3 of the financial statements, the unamortized value of such units as at March 31, 2007, amounting to $15,937,428, is recorded as deferred compensation and is recorded as compensation expense over the vesting period. Each unit entitles the holder to participate equally in all allocations and distributions of the Fund and to one vote at all meetings of unitholders.

New Accounting Policies

In the first quarter of 2007, the Fund has adopted three new accounting standards issued by the Canadian Institute of Chartered Accountants (CICA): section 1530, *Comprehensive Income*; section 3855, *Financial Instruments – Recognition and Measurement*; and section 3865, *Hedges*. These new standards establish standards for recognizing and measuring financial instruments, namely financial assets, financial liabilities and derivatives. Certain changes in the value of these financial instruments are presented in a new financial statement, Comprehensive Income. The application of these new standards had a negligible effect on the Fund's financial statements and financial position.

Recent Event

The Fund announced on May 8, 2007 that it entered into a letter of intent whereby Supremex Inc. or one of its subsidiaries would purchase substantially all of the assets of a Canadian company involved in the manufacturing, sales and distribution of envelopes. The contemplated transaction would be paid cash and financed from the current credit facilities in place. If completed, this acquisition would increase Supremex revenues between 8 to 12%. The transaction is subject to conditions usual for a transaction of this type including, among other things, the completion of satisfactory due diligence, receipt of all required regulatory approvals, including the Competition Bureau, and the negotiation and execution of a definitive asset purchase agreement.

Risk factors

As a result of operations, business prospects and financial condition, the Fund is subject to a number of risks and uncertainties, and is affected by a number of factors outside the control of the management. Details are provided in the ''Risk Factors'' section of the Fund's Annual Information Form, dated March 22, 2007 (which can be found at www.sedar.com).

Disclosure Controls and Internal Controls

The Fund's CEO and CFO have assessed the effectiveness of the disclosure procedures and controls used for the consolidated financial statements and Management's Discussion and Analysis as at March 31, 2007. Their assessment led them to conclude that the disclosure procedures and controls used for the financial statements and Management's Discussion and Analysis were effective.

The CEO and the CFO are responsible for designing internal control over financial reporting (ICFR), or causing them to be designed under their supervision to provide reasonable assurance regarding the reliability of the Fund's financial reporting and the preparation of financial statements for external purposes in accordance with Canadian GAAP. There were no changes in the Fund's ICFR during the most recent interim period that have materially affected, or are reasonably likely to materially affect, the Fund's ICFR.

Forward-Looking Statements

This management's discussion and analysis contains forward-looking statements relating to the future performance of the Fund. These statements relate to future events or future performance and reflect current assumptions, expectations and estimates of Management regarding growth, results of operations, performance and business prospects and opportunities. Such Forward-looking statements reflect current assumptions, expectations and estimates of Management and are based on information currently available to the Fund as at the date of this document. Forward-looking statements are subject to certain risks and uncertainties, and actual results may differ materially from the conclusion, forecast or projection stated in such forward-looking statements. Such risks and uncertainties are discussed throughout our MD&A for the fiscal year 2006 and, in particular, in Risk Factors. Consequently, readers should not place any undue reliance on such forward-looking statements. The Fund disclaims any intention or obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise unless being held there according to the laws on the applicable transferable securities.

Definition of EBITDA, Adjusted EBITDA, Distributable Cash and Non-GAAP Measures

References to "EBITDA" are to earnings from continuing operations before net financing charges, income taxes, amortization of property, plant and equipment, intangible assets, deferred compensation and loss on disposal of machinery and equipment.

"Adjusted EBITDA" is EBITDA adjusted to take into consideration the conversion at Closing of a portion of Supremex's Management profit sharing plan into units and the non-cash inventory step-up charge resulting from the adjustment to fair value of inventory at the date of acquisition of Supremex by the Fund.

Management views distributable cash as an operating performance measure, as it is a measure generally used by Canadian income funds as an indicator of financial performance. Distributable cash is defined as cash flow related to operating activities adjusted for the net change in non-cash working capital balances, change in post-retirement benefits obligation, change in accrued pension benefit assets, non-cash inventory step-up charges and maintenance capital expenditures. Distributable cash is important as it summarizes the funds available for distribution to unitholders. As the Fund will distributes substantially all of its cash on an on-going basis and since EBITDA and Adjusted EBITDA are metrics used by many investors to compare issuers on the basis of the ability to generate cash from operations, management believes that in addition to net earnings, EBITDA and Adjusted EBITDA are useful supplementary measures from which to make adjustments to determine distributable cash.

EBITDA, Adjusted EBITDA and Distributable cash are not earnings measures recognized under GAAP and do not have standardized meanings prescribed by GAAP. Therefore, EBITDA, Adjusted EBITDA and Distributable cash may not be comparable to similar measures presented by other entities. Investors are cautioned that EBITDA, Adjusted EBITDA and Distributable cash should not be construed as an alternative to net earnings determined in accordance with GAAP as indicators of the Fund's performance or to cash flows from operating, investing and financing activities as measures of liquidity and cash flows.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2007 [Unaudited]

1. BASIS OF PRESENTATION

The unaudited interim consolidated financial statements include the accounts of the Fund and its subsidiaries and have been prepared by management in accordance with Canadian generally accepted accounting principles. Certain information and disclosures have been omitted or condensed. The accounting principles applied are consistent with those as set out in the Fund's audited consolidated financial statements for the period ended December 31, 2006. These interim financial statements and the notes thereto should be read in conjunction with the audited consolidated financial statement of the Fund for the period ended December 31, 2006 as contained in the Fund's 2006 annual report.

Supremex is a manufacturer and marketer of a broad range of stock and custom envelopes and related products.

The business of Supremex follows seasonal patterns with the highest revenue occurring from August to February due to the seasonal advertising and mailing patterns of its customers whereby higher number of mailings related to events including the return to school, fund raisers and the holiday and tax seasons occurs during that period. As a result, revenue and financial performance for the three-month period ended March 31, 2007 are not necessarily indicative of the revenue and financial performance that may be expected for a full year.

2. NEW ACCOUNTING POLICIES

In the first quarter of 2007, the Fund adopted the following new accounting standards issued by the Canadian Institute of Chartered Accountants (CICA):

Section 1530, *Comprehensive Income*, introduces a new financial statement which shows the change in equity of an enterprise from transactions and other events and circumstances from non-owner sources.

Section 3855, *Financial Instruments – Recognition and Measurement*, establishes standards for recognizing and measuring financial instruments, namely financial assets, financial liabilities and derivatives.

The new standard lays out how financial instruments are to be recognized depending on their classification. Depending on financial instruments' classification, changes in subsequent measurements are recognized in net income or comprehensive income.

2. NEW ACCOUNTING POLICIES - (Continued)

The Fund has implemented the following classification:

- Cash is classified as “Financial Assets Held for Trading”. These financial assets are market-to-market through net income at each period end.
- Accounts receivable are classified as “Loans and Receivables”. After their initial fair value measurement, they are measured at amortized cost using the effective interest rate method. For the Fund, the measured amount generally corresponds to cost.
- Accounts payable, distribution payable, credit facilities and other post-retirement benefits obligation are classified as “Other Financial Liabilities”. After their initial fair value measurement, they are measured at amortized cost using the effective interest rate method. For the Fund, the measured amount generally corresponds to cost.

Section 3865, *Hedges*, whose application is optional, establishes how hedge accounting may be applied, The Fund, in keeping with its risk management strategy, has decided to apply hedge accounting to its interest rate swaps and treat them as cash flow hedges. These derivatives are marked-to-market at each period end and resulting gains/losses are recognized in comprehensive income to the extent the hedging relationship is effective.

These new standards have to be applied without restatement of prior period amounts. Upon initial application all adjustments to the carrying amount of financial assets and liabilities shall be recognized as an adjustment to the opening balance of the deficit or accumulated other comprehensive income, depending on the classification of existing assets or liabilities. The Fund has recognized a $629,411 adjustment to the opening balance of accumulated other comprehensive loss with respect to the unrealized loss on the interest rate swap designated as cash flow hedge. Finally, the deferred financing costs previously shown in the long-term assets have been reclassified as a reduction of the term credit facility.

3. INITIAL PUBLIC OFFERING AND BUSINESS ACQUISITIONS

On March 31, 2006, the Fund completed its initial public offering (“IPO”) with the sale of 17,500,000 trust units (the “units”) for $10.00 per unit, for total net proceeds of $165,029,947 after deducting $9,970,053 which represents the underwriters’ total fees of $9,625,000 and other issuance expenses of $5,309,640 less related future income taxes of $4,964,587.

On March 31, 2006, in conjunction with the IPO, the Fund indirectly acquired Supremex from Cenveo Corporation and/or its related companies (“Cenveo”) for $331,532,962. Consideration paid to Cenveo for the acquisition was comprised of cash of $212,924,527, units of the Fund with a value of $89,474,390, a payable for acquired businesses of $5,509,045 for a working capital adjustment and a note payable of $23,625,000.

3. INITIAL PUBLIC OFFERING AND BUSINESS ACQUISITIONS - (Continued)

The acquisition was accounted for by the purchase method with the results of Supremex's operations included in the Fund's earnings from the date of acquisition. These consolidated financial statements reflect the allocation of the consideration to the assets acquired and liabilities assumed based on their fair values as follows:

	Supremex	**Cenveo Depew division**	**Total** $
Cash and cash equivalents	5,171,813		5,171,813
Accounts receivable	27,077,695	378,589	27,456,284
Inventories	20,539,428	467,509	21,006,937
Income taxes receivable	6,465,881		6,465,881
Prepaid expenses	1,138,130	28,925	1,167,055
Property, plant and equipment	40,253,650	173,647	40,427,297
Accrued pension benefit asset	5,154,500		5,154,500
Intangible assets	56,220,000		56,220,000
Goodwill	245,063,721		245,063,721
Accounts payable and accrued liabilities	(21,371,322)	(200,262)	(21,571,584)
Due to an entity under common control	(26,692,327)		(26,692,327)
Future income tax liabilities	(27,573,015)		(27,573,015)
Post-retirement benefits obligation	(763,600)		(763,600)
Net assets acquired	330,684,554	848,408	331,532,962
Consideration			
Cash			212,924,527
Units			89,474,390
Payable to Cenveo			5,509,045
Note payable to Cenveo			23,625,000

As part of the acquisition 2,364,228 units valued at $23,642,280 were issued to management employees of Supremex for a cash consideration of $23,642 to amend the then existing Management profit sharing plan. These units are held in escrow and 50% will be released on March 31, 2008, 25% on March 31, 2009 and 25% on March 31, 2010, subject to earlier release under certain circumstances or sold to Supremex for a nominal consideration of $0.01 per unit in the event of the voluntary departure of the employee or termination by Supremex for cause prior the expiry of the four year escrow period. Employees are entitled to distributions declared on these units. The initial value of such units, net of the cash consideration received, is recorded as deferred compensation and is recorded as compensation expense over the vesting period.

3. INITIAL PUBLIC OFFERING AND BUSINESS ACQUISITIONS - (Continued)

On April 28, 2006 the underwriters exercised in full their over-allotment option, resulting in the issuance by the Fund of 2,500,000 additional units at a price of $10 per unit for gross proceeds of $25,000,000 and net proceeds of $24,090,988 after deducting $909,012 which represents the underwriters' fees of $1,375,000 less related future income taxes of $465,988. The net cash proceeds were used by the Fund to repay the note payable to Cenveo.

4. EMPLOYEE BENEFIT PLANS

The Fund's total benefit cost in the pension plan for the three-month period ended March 31, 2007 was $582,000.

5. SECURED CREDIT FACILITIES

The Fund has senior secured credit facilities consisting of a revolving operating credit facility of up to $40 million and a term credit facility of $75 million. Both facilities bear interest at a floating rate based on the Canadian prime rate, U.S. base rate, LIBOR or bankers' acceptance rates plus an applicable margin to those rates.

The revolving operating credit facility may be used for general corporate purposes, working capital requirements and permitted acquisitions. Both facilities mature on March 31, 2010 and there are no scheduled repayments of principal required prior to maturity.

Amounts drawn under revolving and term credit facilities are as follows:

	March 31, 2007 $	**December 31, 2006 $**
Revolving credit facility	**—**	—
Term credit facility	**75,000,000**	75,000,000
Less: deferred financing costs, net (note 2)	**(453,341)**	(420,114)
	74,546,659	74,579,886

5. SECURED CREDIT FACILITIES - (Continued)

As at March 31, 2007, the interest rates on the revolving and term credit facilities were 6.0% and 5.5% respectively. The Fund entered into an interest swap agreement for its term credit facility to pay a fixed rate of 5.426% until March 31, 2007, 5.538% form April 1, 2007 to March 31, 2008, 5.741% from April 1, 2008 to March 31, 2009 and 5.942% from April 1, 2009 to March 31, 2010 (see note 10).

Under the terms of the credit facilities, the Fund is required, amongst other conditions, to meet certain covenants. The Fund was in compliance of these covenants as at March 31, 2007.

The credit facilities are collateralized by hypothec and security interest covering all present and future assets of the Fund and its subsidiaries.

Net financing charges

	Three-month period ended March 31, 2007 **$**	**1-day period ended March 31, 2006** $
Interest on secured credit facilities	**1,038,758**	11,603
Other interest	**(185,683)**	—
Amortization of deferred financing costs	**33,739**	354
	886,814	11,957

6. INCOME TAXES

The income taxes expense differs from the expenses that would be obtained by applying the combined Canadian income tax (federal and provincial) as a result of the following:

	Three-month period ended March 31, 2007 $
Earnings before income taxes	**6,725,880**
Income taxes at combined federal and provincial statutory rate of 33.43%	**2,248,462**
Impact of interest expense of Supremex paid to the Fund, eliminated on consolidation	**(3,055,640)**
Effect of change in enacted tax rates	**167,721**
Impact of amortization of deferred compensation not deductible for tax purposes	**444,396**
Non deductible expenses and other	**33,134**
Income taxes recovery	**(161,927)**

7. UNITHOLDERS' EQUITY

Fund units

The Fund Declaration of Trust provides that an unlimited number of units may be issued. Each unit is transferable and represents an equal undivided beneficial interest in any distributions from the Fund and in the net assets of the Fund. All units are of the same class with equal rights and privileges. Each unit entitles the holder to participate equally in all allocations and distributions and to one vote at all meetings of unitholders for each whole unit held.

The Fund units are redeemable at any time at the option of the holder at the lesser of 90% of the weighted average price of the Fund unit during the last ten trading days of the units on an open market and the closing market price on the redemption date. All redemptions are subject to a maximum of $50,000 in cash redemptions by the Fund at any particular month. Redemptions in excess of this amount will be paid by way of a distribution in specie of the assets of the Fund.

7. UNITHOLDERS' EQUITY - (Continued)

Fund units issued

As at March 31 2007, there are 31,311,667 units issued by the Fund. No units were issued or redeemed during the three-month period ended March 31, 2007.

Basic and diluted net earnings

The number of units used in the determination of the basic weighted average number of units outstanding includes the 2,500,000 units relating to the over-allotment option as if they would have been issued since March 31, 2006 since there were no contingencies that would result in these units not being issued.

8. DISTRIBUTION

The Fund makes monthly distributions of its available cash to unitholders of record on the last business day of each month, payable on or about the 15th day of the following month. Distributions to unitholders are recorded on an accrual basis. The March distribution in the amount of $2,999,658 was declared and accrued in March 2007 and paid to unitholders on April 16, 2007. Distributions for the period from January 1, 2007 to March 31, 2007 are as follows:

Period	Record date	Payment date	Per unit $	Distribution $
January 2007	January 31, 2007	February 15, 2007	0.0958	2,999,658
February 2007	February 28, 2007	March 15, 2007	0.0958	2,999,658
March 2007	March 31, 2007	April 16, 2007	0.0958	2,999,658
			0.2874	8,998,974

9. ACCUMULATED OTHER COMPREHENSIVE LOSS

Derivative designated as cash flow hedge constitute the sole item in Accumulated Other Comprehensive Loss. The changes that occurred during the period were as follows:

	March 31, 2007 **$**	**December 31, 2006** $
Adjusted opening balance due to the new accounting policies adopted regarding financial instruments, net of income taxes of $285,297 (note 2)	**(629,411)**	—
Change in fair value of derivative designated as cash flow hedge, net of income taxes of $48,263	**106,477**	—
Reclassification adjustment for gain on derivative designated as cash flow hedge in prior period transferred to net income in the current period, net of income taxes of $9,571	**(21,115)**	—
Balance – end of period	**(544,049)**	—

10. FINANCIAL INSTRUMENTS

The financial instruments book values and fair values were as follow:

	March 31, 2007		**December 31, 2006**	
	Book value **$**	**Fair value** **$**	**Book value** $	**Fair value** $
Liability				
Interest rate swap designated as cash flow hedge:				
Short-term	**87,585**	**87,585**	—	95,122
Long-term	**703,069**	**703,069**	—	819,586
	790,654	**790,654**	—	914,708

The fair value of cash, accounts receivable and accounts payable approximates their carrying value because of the short-term maturity of these instruments.

The fair value of credit facilities is equivalent to their carrying value since their interest rates are comparable to market rates.

10. FINANCIAL INSTRUMENTS - (Continued)

The fair value of the derivative financial instruments generally reflects the estimates of the amounts the Fund would receive by way of settlement of favourable contracts or that it would pay to terminate unfavourable contracts at the balance sheet date. The fair values of the interest rate swaps are calculated using the quotes obtained from major financial institutions.

11. SEGMENTED INFORMATION

The Fund currently operates in one business segment being the manufacturing and sale of envelopes. The Fund's net assets amounted to $274,315,886 in Canada and $1,763,366 in United States as at March 31, 2007. The Fund's revenue amounted to $40,917,410 in Canada and $6,792,235 in the United States for the three-month period ended March 31, 2007.

(This page has been left blank intentionally)
